

Lanternfish Sticks

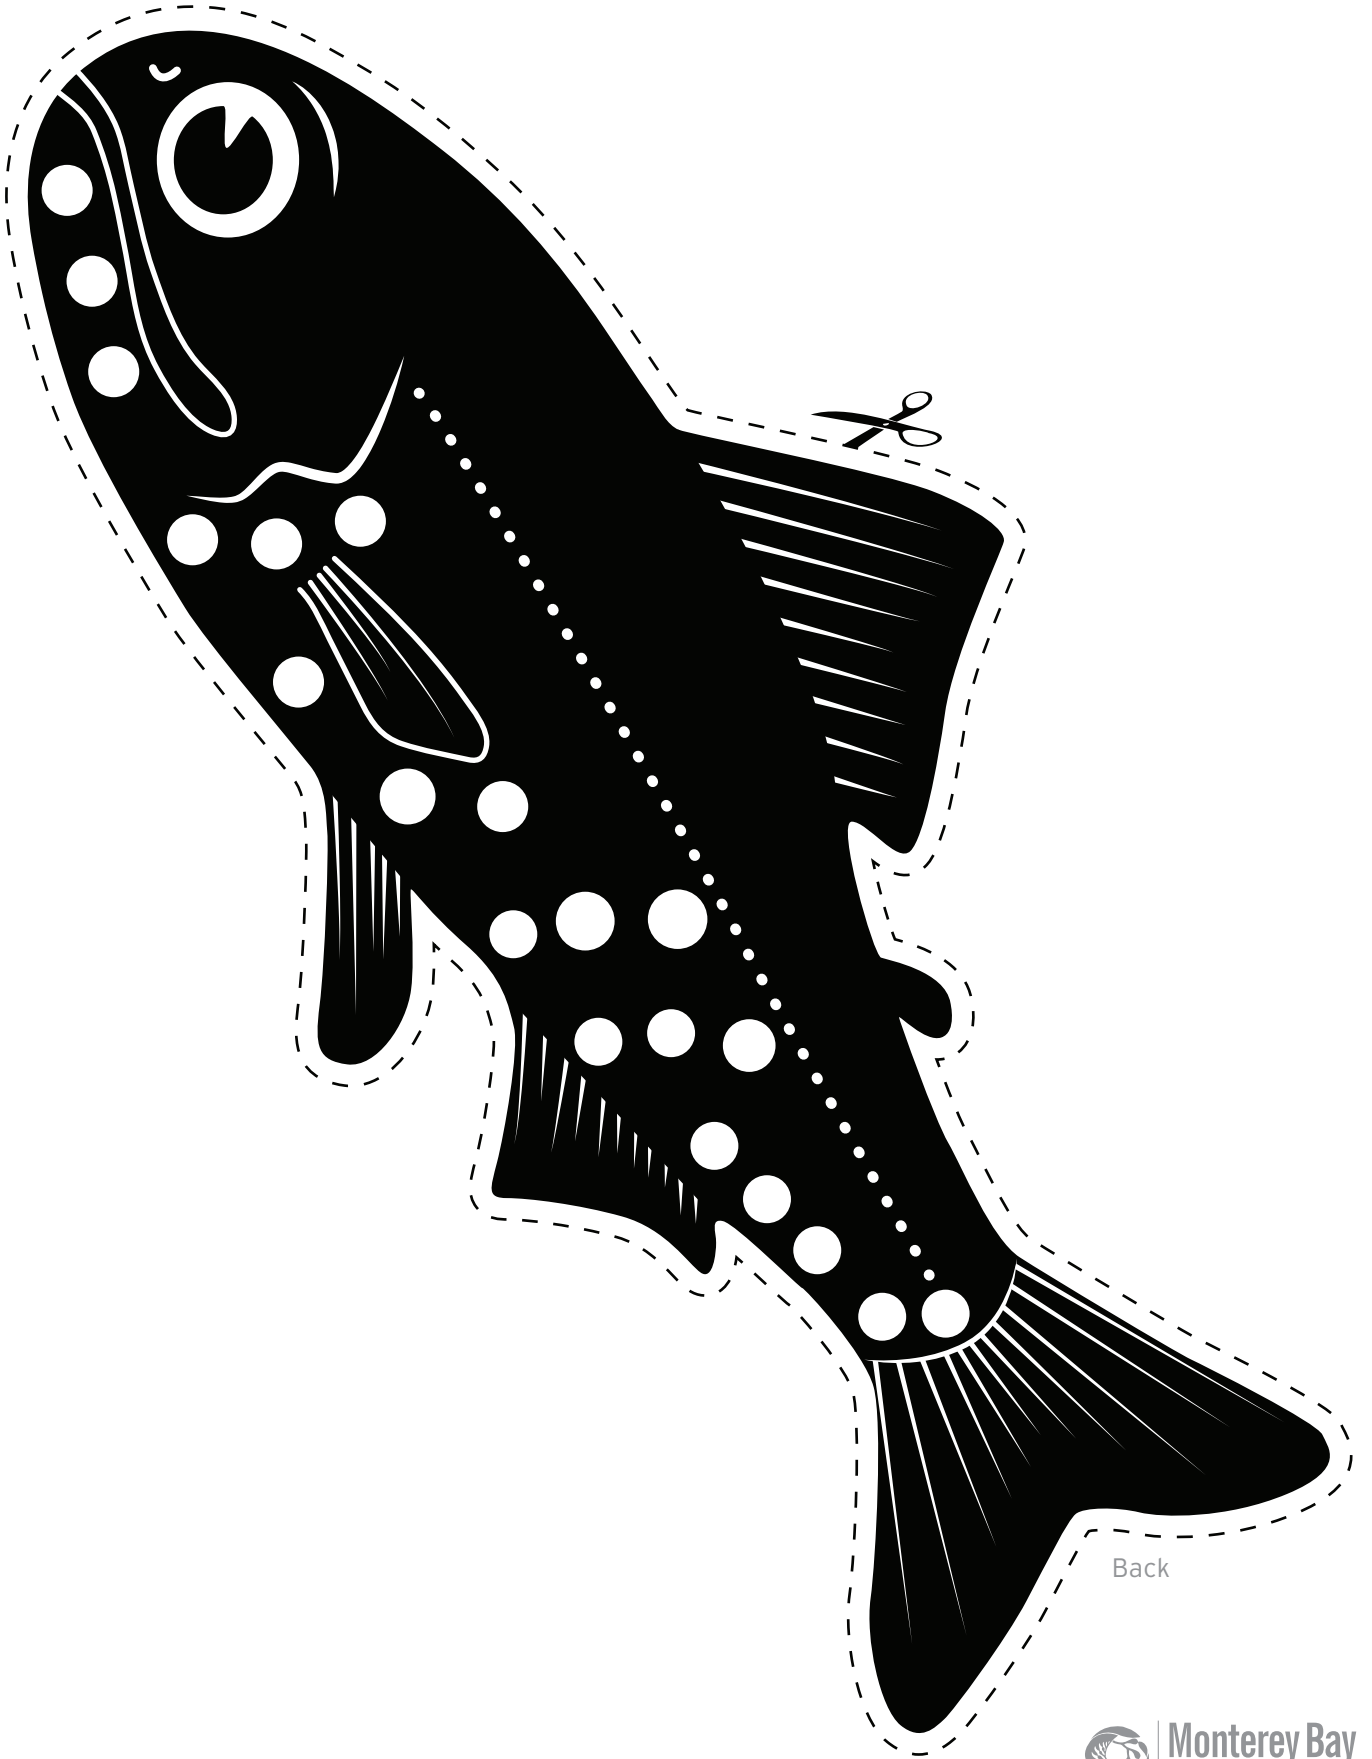

Make your own deep sea glow-in-the-dark lanternfish.
Then have a fishstick party!

Instructions

1. Cut out lanternfish patterns.
2. Glue one to a piece of cardboard; trim to match the shape.
3. Glue the other to the other side of the cardboard.
4. Paint the light spots, or photophores, with glow-in-the-dark paint.
5. Attach the fish to a stick.
